

Be in the know:

- **What is permanent jewelry?**
Permanent jewelry is made with a choice of dainty chain that is custom fit and welded onto your wrist, neck or ankle. There are no clasps. The jewelry stays on until you cut it off.
- **What are the chains made of?**
Sterling silver, 14k gold-filled, 14k Rose gold-filled and 14k gold.
- **Does it hurt?**
Not at all. Welding with a laser does not hurt at all and is fun to watch.
- **What if I need to take it off?**
Sometimes medical procedures would require that you remove your jewelry. Permanent jewelry can be removed using scissors or a wire cutter. For a fee of \$15, we can re-weld the piece for you.
- **How can I make an appointment?**
Space is limited. Call The LH Bead Gallery at 850-257-5800.
- **How old do you need to be?**
Clients need to be 18 or older. We can make arrangements for younger children with parental consent.
- **Can I bring my own chain?**
No, we will only weld the chain we sell.
- **What if the weld breaks?**
If your chain breaks at the weld, we will repair it at no charge within 7 days.
- **How do I care for the jewelry?**
Low maintenance is required. Just clean with soap and water then buff with a polishing cloth to retain shine. Tarnishing of 14k gold-filled or sterling is unusual, but may occur based on body chemistry and outside factors such as medicine, skincare products and perfumes.
